### REMARKS

The last Office Action of January 10, 2003 has been carefully considered. In this Office Action, the Examiner noted that applicant's reply, filed on October 29, 2002 has not been fully responsive to the prior Office Action.

Record is also made of a telephone interview between applicant's representative and the Examiner which took place on January 27, 2003. At the interview, applicant's representative referred in particular to page 7 of the reply of October 29, 2002, where arguments were presented with respect to claims 15 to 17 and reasons were given why applicant considered the subject matter of these claims allowable over the prior art of record. The Examiner agreed that the reply of October 29, 2002 was indeed fully responsive, and the application will be examined on the basis of this fully responsive reply.

Reconsideration and allowance of the present application are respectfully requested.

Respectfully submitted,

By:
